Their Separation Discussed in the Senate.

SECTARIAN SCHOOL QUESTION.

Expressions Were General That the Government Should Entirely Abandon Denominational Schools-Hut Little Done With the Indian Appropriation Bill. House and Senate.

Washington, Feb. 22.—The senate devoted itself to business yesterday and would have completed the Indian appropriation bill had not an acrimonions discussion arisen on the sectarian school question. It brought out a wide range debate on the separation of church and state, in the course of which the expressions were general that the government should entirely abandon denominational schools. On a nay and yea vote, an exception was made in the case of the Indian schools at Hampton, Va., and Lincoln and Philadelphia, on the ground that they were not strictly de-nominational. The sectarian question was still nuder consideration when the senato adjourned.

During the day two of the senators-elect from the Carolinas—ex-Governor Tillman of South Carolina and Marion Butler of North Carolina—mado their first appearance on the floor, and their credentials were presented for the terms

was then sent to further conference.

The conference report on the bill to provide for the examination and classification of certain lands in the northern Pacific grant in Montana and Idaho, was agreed to and a short time spent in the consideration of the general deficiency bill, the last of the appropriation bills to be passed by the house.

The remainder of the day after 3:30 was devoted to eulogies on the life and public services of the late Senator Stockbridge of Michigan. Then, at 5 o'clock, ns a further mark of respect, the honso adjourned.

It can not be learned upon what basis a settlement has been reached, though several high officials claim that it is a positive fact that there will be no war just now.

## **VOTING FOR SENATOR**

Three States Have Not Made Their Selections.

OREGON, IDAHO AND DELAWARE.

Some Fears That They Will He Left Willbout a Representative in the Upper House of Congress Unless Action Is Soon Taken. Sine Die Adjournment Approaching in Oregon and Idaho.

WASHINGTON, Feb. 22.—Interest in the contests over the election of senators in the states of Oregon, Idaho and Delaware was revived in the senate yesterday by the circulation of a telegram received by Senator Mitchell of Oregon, stating that the legislature of that state wonld adjourn Saturday, but the apprehension which this part of the telegram aroused among Republican senators was somewhat allayed by the assurance which added that an election would occur before adjournment.

The information which this dispatch brought led to the inquiry as to the out-look for adjournment in Idaho and the prospect of an election there. Senator Dubois was able to state that the session would close March 7, but he could furnish no information as to the prospect

of an election. There is no limit to the term of the Delaware legislature. There has been a slight renewal of the talk of having the Republican members combine in some recommendation to the legislatures of these various states as to the necessity of making a senatorial choice before ad-

journment, but the same objection has been made to such action at this time, that was made when the project was first agitated, and it does not appear that anything will be done.

GROWING CRITICAL IN OREGON.

The Coutest Undecided and the Legislature

About to Adjourn. SALEM, Or., Fob. 22.—The Oregon legislature will adjonrn sine die tomorrow at 7 o'clock. This was decided on by the passage of a resolution in both houses, fixing the time of adjournment. The contest for United States senator is the all-absorbing topic. Yesterday Dolph lost two votes, and many predict

his support will soon go to pieces. The opposition to Dolph has centered in George B. Williams, ox-United States attorney general, who has 29 votes. The situation seems to point to the selection of Williams, as he is believed to be the second choice of the Dolph men. Those who bolted the caucus nominee un-donbtedly favor Governor Lord as a first choice, but without the support of a number of Dolph men it would be impossible to elect, nuless the Democrats and Populists take a hand, and this is net likely to occur.

Undecided in Idalio.

Boise City, Feb. 22.—The house yesterday, with but five dissenting votes, passed a memorial to congress in favor of the election of senators by a direct vete of the people. There was one pair only, and the vote for United States senator resulted: Shonp, 19; Sweet, 19; Claggett, 15. There is much nervousness here. A Populist canens has been called to consider the senatorial matter. The situation appears to be that if Sweet can not be elected by the Populists enough of his men will leave him to elect Shonp. It may be stated with absolute confidence that a senator will soon be elected.

One Hallot in Delaware,

DOVER, Del., Feb. 22.—But one ballot was taken in the United States senatorial fight yesterday. It resulted as follows: Higgins, Republican, 9; Addicks, Republican, 6; Massey, Republican, 3; Wolcott, Democrat, 9; Bayard, Democrat, 1; Tunnell, Democrat, 1.

MISSION TO MEXICO.

A Pointer From the White House That Senator Ransom Will Be Selected.

WASHINGTON, Feb. 22.—A tip comes from the White House that Senator Mat Ransom is to be appointed to succeed Isaac Pusey Gray as minister to Mexico. President Cleveland, it is said, has so informed one of the senators.

Senator Ransom's term expires March 4, and his Democratic colleagues almost as a body, recommend his appointment to the Mexican mission. The office pays \$17,500 in United States coin, equal to double that amount in Mexican money, and is one of the most lucrative positions in the diplomatic service. The nomination is expected within a few days.

BIG RAISE PROBABLE.

The State Board of Equalization Finds That Property is Assessed Too Low.

FRANKFORT, KY., February 20.—It became known here to-night that the State Board of Equalization, now in session in this city, was comtemplating a decided increase of the valuation put on property

by the County Assessors. When asked about it a member of the board said: "Yes, we will have to make a very considerable increase in the assessments of nearly all the counties. We will do this not because of the present deficit in the State Treasury, but because the law and our duty compel us. The Constitution requires property to be assessed for taxation at its fair cash value. Taking the transfer prices of the property now before the board and reducing it one-fifth, so as to reach the required 80 per cent basis, we find in many cases that it is still assessed too low or away below 80 per cent of its fair cash value.'

All the counties have not reported yet, but it is safe to say that an increase of several millions dollars will be made and a decided increase in the revenue will result. Nothing definite has been done as yet.

#### Comments of Superintendent Blatterman on the Public Schools at These Places.

#### PLEASANT RIDGE, DISTRICT NO. 33,

Trustees-S. H. Mastin, H. Walker, J. A. Humphreys. Teacher, Miss Martha Mastin. Attend ance, twenty-one-the largest I ever found in the school. Miss Mastin is a graduate of Danville (Ill.) Normal School, and Is well trained. She governs her school well, and recitations by several classes were quite satisfactory. The school house has been condemned so often that it is stiff-necked and indifferent. There has been year alter year a disintegration going on. The house is in poor condition: Ience all gone; no proper desks nor charts; no coal house. Il some improvement is not made soon, the grand jury will have to make investigation.

#### PLUMVILLE, SCHOOL DISTRICT NO. 45.

Trustees-N. B. Rogers, A. J. Yancey, John L. Been. A great improvement since I visited this school before. They have a good building and attendance was forty-five, which was remarkably good. House well equipped-uew desks, charts, maps, globe, etc. Everything was progressing eneouragingly.

#### CORINTII, SCHOOL DISTRICT NO. 5.

This school is a mile south from Lowell, now known as Keunard Postoffice, and on the pike leading to Shannon. The trustees are Sam. Cracraft, Thos. 11itt and J. T. Kennedy-a very excellent board. Teacher, M. W. Durbam. Everything was satisfactory. Full set of ebarts, globe, etc. Valuable improvements are in contemplation, and I expect to find at my next visit the grounds laid off properly and a good fence surrounding, as the trustees have had a survey of the selicol grounds made recently with a view to these improvements.
